IAH is appealing to the groundwater community worldwide. Whether or not your language is correctly represented on this page, we need your help to find our voice. Turn over to find out more.

# give and receive

IAH is appealing to members and the groundwater community worldwide to help take the Association forward in the 21st century. We are not asking you to give money, we are asking you to give some of your time. In return you will receive greater benefits and, quite likely, develop skills on the way. Your efforts will also lead to IAH having a greater voice throughout the world and help us to achieve our mission (below). Some ways in which you could help are:

- Translating- we would like to produce key information in other languages
- Helping your local chapters
- Joining IAH's new commissions and networks, or contacting IAH with your ideas/proposals
- Standing for the forthcoming IAH Council elections
- Volunteering to become an IAH mentor, in readiness for when the scheme is launched
- Working with IAH to write copy and case studies for the new IAH website
- Giving your stories - describing how IAH has been a part of your life (this does not have to be in English)

You may have ideas of your own. Whatever the case please get in touch now by emailing [info@iah.org](mailto:info@iah.org), or by contacting your local chapter. A small amount of your time can help make a big difference.

Furthering the understanding, wise use and protection of groundwater resources throughout the world.
