

The International Association of Hydrogeologists (IAH/AIH) is a scientific and educational charitable organisation for scientists, engineers, water managers and other professionals working in the fields of groundwater resource planning, management and protection. Founded in 1956, it has grown to a world-wide membership of more than 4000 individuals.

Our mission is to further the understanding, wise use and protection of groundwater resources throughout the world.

## JOIN US

Membership offers you the chance to network globally with other hydrogeologists and groundwater-related specialists. You will receive a great range of benefits, including the Hydrogeology Journal and a variety of discounts. You will also be able to participate in groups, events and schemes, sharing knowledge and experience with others. Not only this, you will be showing your support for IAH's endeavours throughout the world.

We have a range of membership types for individuals and companies/organisations, and a number of discounts. We also run a sponsorship scheme for those unable to join the association for financial or practical reasons.
