

Each national chapter is required by IAH Rule 6.5 to provide an annual report on its activities. This helps us to report the Association's activities and is published on the IAH web site. It is also expected that, under the terms of the chapter's constitution or rules, the national committee will make an annual report to members in their country.

#### 1. ABOUT YOU

Your name	Kelly-Jane Wallis
Email address	kwallis@slrconsulting.com
Role/responsibility held in chapter	President of Australia

#### 2. YOUR CHAPTER'S INFORMATION

Is your chapter's information correct on IAH's website: <a href="https://iah.org/groups/national-chapters">https://iah.org/groups/national-chapters</a> Please tell us of any changes now and each time a new committee is chosen.	Yes
Does your chapter have its own website? If so, please confirm the URL.  If you do have a website, who is responsible for its management? Please provide contact details.	Yes <a href="https://www.iah.org.au/">https://www.iah.org.au/</a> Secretary: Cathy Reidy (secretariat@iah.org.au)
Would you be interested in IAH hosting your chapter's website/providing support? As an example, see <a href="https://germany.iah.org/">https://germany.iah.org/</a> .	Thank you, however we have invested time and money into our own website over the last couple of years and would prefer it continues as is
Does your chapter have an elected committee?  If yes, how often are elections held and how are they managed e.g. postal/email vote/at meetings?	Yes, elections are held at an Annual General Meeting. This meeting is held online.

#### 3. LOCAL MEMBERSHIP

How is local membership status and trends? e.g. stable, declining, increasing.	Approximately stable at about 525 members.
	Member numbers fluctuate with the groundwater conference.
What are your challenges to recruitment? e.g. volunteer time/limitation, IAH fee rates, competition from other societies, language, etc.	Volunteer time is our biggest challenge. For this purpose our secretary is a part time paid position. This is also challenging as it creates financial stress to the Chapter

#### 4. YOUR CHAPTER'S ACTIVITIES IN 2021

Did your chapter hold an annual meeting (AGM-style)? If so, please advise:  Date and place of meeting Approximate number attending	Yes Thursday, 20 January 2022 5:30 PM-6:30 PM Online 29 attended
<ul> <li>Did your chapter hold other events e.g. technical and scientific meetings, seminars, conferences, field visits, training events?</li> <li>If you have already reported these to the IAH Secretariat, only summary information is required.</li> <li>If not, these please provide a summary of dates, location, number of participants, topics, etc. and how successful you felt each event was.</li> <li>Do you have photos we can use?</li> <li>Are your events open to IAH non-members?</li> <li>Did you hold events in partnership with others e.g. a national society, company, institution?</li> </ul>	<ul> <li>A summary of events is found on the last page of this document.</li> <li>Yes, events are open to IAH nonmembers</li> <li>There was an event in partnership with others: AIG, GSA, PESA and ASEG for an industry wide Student-Industry Mixer Event</li> </ul>

#### **5. YOUR CHAPTER'S PLANS**

Do you have any activities or tasks planned for 2022?

If yes, please provide brief details, including if your plans are limited because of e.g. lack of funds or local interest/volunteer support to help

Yes, we have the Australasian Groundwater Conference in November 2022. We have dedicated and motivated people to get this up and running.

https://agc2022.com.au/program/

Each state also organises technical talks and networking events

#### **6. ADDITIONAL COMMENTS**

Please use this section to make any additional comments/suggestions e.g. what support from IAH centrally might assist your chapter, future plans you would like to see for IAH

IAH Australia does not need any assistance as such, however, I would like to see how the National Chapters can collaborate to some degree.

Month 2021	
March	Jeremy Haynes -
	Application of Oil and Gas Production
	Technologies for Mine Dewatering in Complex
	Environments
	When: 5:00pm-5:45pm, March 4
	Where: Teams (online)
	Professor John Webb - Nitrate and Ammonia in
	Melbourne Groundwater
	When: March 9
	Where: Teams online - Vic
	Ian Callow - Rio Tinto
	Hydrogeological challenges in operations the
	Diavik Diamond Mine in the Canadian Artic
	<b>When:</b> 5:00pm-5:45pm, March 25
	Where: Online
	Anastasia Boronia/Geoff Beale - Open Pit Slope
	Depressurisation Study for Olimpiada Gold
	Mine
	When: March 31
	Where: Online - WA
April	Neil Mainwell AGE
	Setting your groundwater models free;
	overcoming false accuracy using rapid data
	assimilation".
	Where: QUT Gardens Point, Block S, room S-
	408 + Townsville live event
	When: Thursday 22 April, 5-7pm
May	Ian Acworth -
	Don't Forget the Geology in Hydrogeology
	When: May 11
	Where: Online NSW
	Social Event
	When: 5:30pm, May 20
	Where: Buffalo Bar, 169 Mary St, Brisbane CBD
	(QR scan Check in on arrival)
	Cost: IAH Members free, Non-members \$10
	(including students)
June	WA Mid-Year Social Night
	Where: Shoe Bar & Cafe
	When: June 24
	<b>Title:</b> Springs and spring water uses in France
	and Europe
	Presenter: Alexis Valenza, Valenza Engineering
	Where: Vic online
	When: June 22

July	Presenter: Noel Merrick
	Title: Reminiscences of Pioneering Days in
	Groundwater Monitoring, Groundwater
	Geophysics and Groundwater Modelling in
	NSW
	When: July 20
	Where: NSW online
	<b>Title:</b> Discounter of delineation of a
	groundwater mineral resource
	Presenter: Chris Shaw
	Where: Central Park & online
	When: Tues, July 20
	Wilein 1463, 341, 20
	<b>Title:</b> Periodic hydraulic testing methods for
	_
	estimating subsurface hydraulic properties
	Presenter: Chris Turange
	Where: SA Online
	When: July 26
	<b>Title:</b> Avoiding "Day Zero", by using an MAR
	approach in South Africa
	Presenter: Hugo Marais, Principal
	Hydrogeologist, Advisian, Brisbane, QLD,
	Australia
	When: 5pm, Wednesday the 28 <sup>th</sup> of July
	Where: Live Teams event
A	Title: Decellention of the control of the
